

How much of your land will the taxman harvest?

FREE Seminar On Changes To IHT For Farmers

Monday 10th November 2025 | 5pm–8pm | Buckingham Golf Club

The Government's latest budget could have major implications for farmers when it comes to inheritance tax. From April 2026, **Agricultural Property Relief (APR)** will be capped at **£1 million**, with anything above that only qualifying for reduced relief – potentially exposing your family farm to a 20% tax bill on its value. If your land, buildings, and business are worth more than £1 million (and most farms are), this seminar is essential. Please note that this event replaces the event previously scheduled for Thursday 30th October.

Due to unprecedented demand Chandler Ray Solicitors are holding another free evening seminar at **Buckingham Golf Club**, where you can find out how these changes might affect you and, **more importantly, what you can do about it.**

We'll cover:

- ☐ How to **protect your land** and farm buildings using APR and Business Property Relief (BPR)
- ☐ How to make sure your assets **qualify** for maximum tax relief
- ☐ Future-proofing with **family trusts, family investment companies, and gifting strategies**
- ☐ How you may be able to pass on your farm without selling land to pay the taxman

With thousands of farmers already voicing concern, this seminar will help you take action while there's still time. Buffet and refreshments provided.

Act quickly to grab your place(s) as demand will be high!

RSVP. Book now on 01280 814040 or email agriculture@chandlerray.co.uk.

Venue:

Buckingham Golf Club
Tingewick Road,
Buckingham,
MK18 4AE

Don't leave your legacy to chance – come and learn how to protect what's yours.
